Steven spent the day meeting staff and students. Noticed attendance issues in the senior grades. Maintenance of the building needs some attention. Lots of clutter and missing light bulbs. The goal is to work to build something that can be carried on. Prepared a 100 day and a 2 year plan and would like to work with Staff and the SCC.

North West Teachers Association did a teacher survey on complexity in the classrooms, student behaviour, kindergarten readiness. Was very insightful. Solution focused discussion.
